## GENERAL INFORMATION

### P u r p o s e

It is the primary purpose of the Law School of Golden Gate College to prepare the student for the successful practice of the legal profession in any common law jurisdiction. In furtherance of such purpose, instruction is given not only in relation to case law of the past, but with the view of familiarizing the student with the present period of transition of law as it meets the needs of a complex urban civilization.

The study of law is approached from a viewpoint of common interests secured by law and their effective protection by the courts.

Experience as well as democratic principles point the need for the maintenance of the evening law school as an important and necessary part of our system of legal education. The Law School of Golden Gate College has dedicated itself to the filling of this need by offering to ambitious men and women a high grade of instruction in the law, through a curriculum carefully prepared to equip them with the knowledge and training necessary for admission to the bar and the successful practice of the profession.

In carrying out its primary purpose, it is the policy of the law school to give particular attention to developing in its students the ability to analyze a problem in a lawyer-like manner, and the art of accurate and persuasive expression, both written and oral, upon legal matters. Due attention is also given to the economic and sociological problems of our times in their relation to the law, and to the fields of broad and varied cultural knowledge which the study of the law opens up.

### H i s t o r y

The law school of Golden Gate College was established in 1901 by the Board of Directors of the Young Men's Christian Association of San Francisco. It was the first law school in California to offer evening instruction.

Golden Gate College, an affiliate of the Y.M.C.A., is a non-profit educational institution of collegiate grade. The Law School was originally incorporated on June 1, 1910, with the right to confer degrees. Golden Gate College, including the Law School, was incorporated under its own name in 1923.

## Location

Golden Gate College is located at 200 Golden Gate Avenue, San Francisco. This central location in the downtown district of the city makes it readily accessible to anyone residing or employed in the bay region.

In the Civic Center, three blocks from the College, are conveniently located the City Law Library, to which the students have access, the State Supreme Court, the District Court of Appeals, and the Municipal and Superior Courts, which afford unusual opportunities for advanced research and observation of trial procedure.

## Law Library

The school maintains an up-to-date and adequate library for law study and student research. Sets of books on California law include the Reports and Appellate Reports, California Pacific Digest, McKinney's New California Digest, California Jurisprudence, Shepard's California Citor, Bancroft's Code Practice and Remedies, California Statutes and Amendments to the Code, and the California Codes and General Laws.

Books on Federal Law include the United States Code Annotated, the Supreme Court Reports and Reporter, and the Federal Reporter and Supplement. Encyclopedias include Ruling Case Law, American Jurisprudence, Corpus Juris and Corpus Juris Secundum.

Law Reviews include California Law Review, Harvard Law Review, and Stanford Law Review.

The library also contains the American Digest System, the Northeastern Reporter, the New York Supplement, Northwestern Reporter, and Pacific Reporter (2nd), Uniform Laws Annotated, and the Restatement.

The selected case series includes American Decisions, American Reports, American State Reports, English and American Annotated Cases, Lawyers' Reports Annotated (L.R.A.) and Annotated Law Reports (A.L.R.)

The standard textbooks and treatises including Williston on Contracts, Wigmore on Evidence, Remington on Bankruptcy, Beale on Conflicts, Tiffany on Real Property, Fletcher on Corporations, Pomeroy on Equity Jurisprudence, and Scott on Trusts, in addition to many single volume textbooks, make up an effective student library.

The extensive facilities of the law library located in the city hall are available to students for use in research and brief making.

## Method of Instruction

The "case" method of study is used. This method is recognized as furnishing the best training for the student in the development of legal reasoning and comprehension of the principles of law. The cases are required to be briefed and presented for discussion and criticism during class. California cases, recent decisions, code study, law review articles and legal treatises are prescribed to parallel and supplement case book assignments.

In the matter of case books used and subjects covered, the examples of the University of California, Stanford, Harvard, Yale and other leading law schools are followed.

It is the belief of the faculty that the best results can be obtained by proper combinations of general and local authorities. While all the courses are based upon case books and text books embodying material taken from many common law jurisdictions, and this general foundation always receives its due and proper emphasis, each course is supplemented with instruction in California case and statutory law.

In the classroom the student participates in discussion. Particular emphasis is laid upon careful analysis, logical reasoning and accurate expression.

## Classes

Classes meet three evenings each week, from 6:50 to 9:20 p.m. These classes are usually held on Monday, Wednesday and Friday evenings.

## Length of Course

The course in legal study leading to the LL.B. degree covers a period of approximately four school years. Classes begin in August, January and May. The College year is divided into two semesters and a summer session; a total of forty-five weeks each year.

There are three vacation periods during the year: two weeks in December, one week in May, and three weeks in July and August.

Students beginning in January are required to complete a four and a half year course for graduation.

## Requirements for Admission

### REGULAR AND SPECIAL STUDENTS:

Applicants with two or more years of college credit who appear to be otherwise qualified will be accepted for enrollment as regular students. A limited number, not to exceed ten per cent of the entering class, who do not meet the requirements for regular standing but who are of mature age (25 years or older) and who have had such business experience or other educational background as would, in the opinion of the Dean, compensate for the lack of college credits, may be permitted to enroll as special students.

Applicants for admission must file with the Registrar, at least two weeks before the opening date, an application for admission with an official transcript of all college or university work taken after completion of high school. Students with less than two full years of college work must also file an official high school transcript.

The Registrar will designate as applicants for regular standing, persons who have successfully completed two or more years of college work; and as applicants for special status, persons with less than two years of college credit. Special students will be required to pass a group of tests which are given by the college to assist in the selection of special students.

All applicants will be personally interviewed on special appointment by the Dean or a faculty representative.

Under no circumstances will anyone be considered for admission who is not a high school graduate with grades of A or B in at least two-thirds of his subjects. However, graduation based on G. E. D. tests will be considered when accompanied by a high school transcript showing satisfactory completion of at least three years of high school work.

### ADVANCED STANDING:

An applicant seeking advanced standing must present, in addition to the entrance credits of high school and college work, a record of his work in another law school, together with proof of honorable dismissal therefrom. If work has been pursued in another law school, the student will receive credit for such work only if it is equivalent in the amount and character required in this school. A minimum of two years attendance at this law school is required in all cases as a prerequisite to receiving the degree. Applicants may be required to undergo examinations in any of the subjects for which credit is sought. No student shall be considered for admission who has been dismissed from another law school because of a scholarship deficiency or other irregularities.

The granting of all advanced standing applications is within the discretion of the Dean.

## Requirements for Advancement of Regular and Special Students

Students must maintain an average grade of C+ throughout the law course and must have an accumulated average of C+ in 84 units in order to qualify for graduation and the LL.B. degree. Students who fail to maintain a C+ average in any given year will be dismissed by the school for scholarship deficiency. Normally dismissal will be made at the end of the academic year, but the school reserves the right to dismiss at any time a student who fails to maintain the required standard.

## Examinations, Attendance and Grading

One or more preliminary examinations and a final examination are held in each semester course.

Examinations must be taken at the time scheduled. Exceptions to this rule will be made only when it is impossible for students to be present. Permission to miss an examination and to make it up subsequently must be secured from Dean Jordan in advance. A fee of \$5.00 will be charged for examinations taken at a special time.

Attendance is required in at least eighty per cent of the class periods in each course.

It is the responsibility of the student to notify the college of any anticipated circumstances which will cause him to be absent from classes for two or more consecutive weeks or for more than twenty per cent of the scheduled sessions.

Students who have been absent for three consecutive weeks from any class and who have not arranged with the Registrar for an authorized leave of absence will be automatically dropped from the course.

## Requirements for Degree

Students will be awarded the degree of Bachelor of Laws on the completion of eighty-four units of law study with an average grade of C+ or better.

## Veterans of World War II

Veterans of World War II may have the cost of tuition, fees, and required books and supplies paid by the Veterans Administration under most circumstances. Veteran students who are not working full-time may also qualify for some subsistence. Applicants under the "G. I. Bill" should consult the Registrar well in advance of the date they intend to enter training. Some veterans have not used the veteran benefits. Some have been, or may still be "On-the-job-training". Some have attended another educational institution, and some are changing their objective. Each case requires different forms and procedures that must be cleared before the applicant may enter classes:

## Fees

The tuition fee in the School of Law is \$11.50 per unit. In addition, there is an annual fee of \$3.00 for the Golden Gate Law School Association which will be added to the first payment in the fall semester. (Students beginning in January will be charged \$1.50 for the spring semester.) A graduation fee of \$7.50 to cover cost of diploma, cap and gown, etc. will be charged, payable one month before graduation.

Students will be enrolled on a semester basis. When courses extend beyond a semester, the charges will be prorated between the semesters. A 6-unit course, which extends through two semesters, will be charged at the rate of 3 units for each semester. A 4-unit course, which completes 3 units within one semester and 1 unit in the next semester, will be charged on that basis, i.e., 3 units to the first and 1 unit to the second semester. Most semester costs may be figured as follows:

<i>Fall or Spring Terms: Full Course, 9 units.....</i>	\$103.50
Law School Association Fee.....	1.50
	\$105.00

(Terms: \$27 first month and three monthly payments of \$26)

<i>Summer Term: 3 units.....</i>	\$ 34.50
4½ units .....	51.75

(Tuition may be paid in two installments)

Tuition may be paid in full or on a deferred payment plan as indicated. Payments must be completed by the end of the thirteenth week of the spring semester or the seventh week of the summer term.

## Withdrawals

Students who find it necessary to withdraw from Golden Gate College must notify the Registrar promptly in writing or in person of their intention to discontinue classes, stating in full their reasons. If the student believes he is entitled to a tuition refund he should make application at the time of withdrawal (See Refunds).

Students who are absent for three consecutive calendar weeks without being given an authorized leave of absence by the Registrar will be automatically dropped from the College rolls.

A student who, at the time of withdrawal, has not paid in full his current charges for tuition and other fees, cannot be granted an honorable dismissal or statement of work completed until all outstanding charges are paid.

## Refunds

No refunds will be made after the thirteenth week of the fall or spring semester or after the seventh week of the summer term. A refund will be made only on written application by a student who formally withdraws before the thirteenth week, due to circumstances beyond his control. The College reserves the right to determine

whether the causes presented by the student are such as to warrant a refund. If allowed, the refund normally will be computed from the date of the student's application for withdrawal and not from the last date of attendance. In determining the amount to be refunded, charges will be pro-rated at seven and seven-tenths (7.7) per cent (14% per week during summer) of the tuition for each week of classes held prior to receipt of the student's notice of withdrawal. Fees are not refundable. A period of approximately two weeks may be required to process a request for refund.

### Law Books

Although the college maintains an effective student law library, evening law students who are employed during the day will have very limited time for law library study and must consequently be equipped to do most of their preparation at home. The student will need a good law dictionary, the California Codes, the leading student text books required for certain courses, especially in the first year, and the case-books on which most of the courses are based. Case-books and text books may be sold after the course or retained for future reference. If students buy used books when available and resell, the cost for books may be budgeted at \$35 during the first year and \$25 per year thereafter. If all books are purchased new and retained, the cost may run as high as \$50 or \$60 per year.

Law books may be purchased through the College bookstore at list prices. The bookstore does not buy used books.

### Bancroft-Whitney Prize

The Bancroft-Whitney Law Publishing Company awards a six volume set of *Jones on Evidence* to the honor student of the graduating class.

### Recorder Publishing Company Prize

The Recorder Publishing Company awards a year's subscription to the advance sheets of the California Reports and Appellate Reports, to the graduate who made the most progress during his last year in the law school.

### Golden Gate Law School Association

Professional and social activities in the law school are arranged by the officers of a student organization, the Golden Gate Law School Association. Opportunity is thus afforded to become socially acquainted with the other men and women students and with the faculty members.

### Regarding Changes

The College reserves the right to make changes in entrance requirements, degree requirements, course content, curricula, or any other matters outlined in this bulletin.

## DESCRIPTION OF COURSES

The curriculum consists of courses which are intended to cover the entire field of law with sufficient comprehensiveness to enable the diligent student to meet successfully the problems of bar examinations in California and elsewhere. The program of instruction is arranged, as far as possible, to present the fundamental, basic courses during the first and second years, and the more advanced and specialized courses during the third and fourth years.

84 Semester Units required for LL.B. degree, 1411 Classroom Hours.

<sup>1</sup>Not to be offered before January, 1950.

Courses marked with an asterisk (\*) are lecture courses, all others are casebook courses. Numbers in parentheses indicate Semester Units (A Semester Unit consists of 16.8 classroom hours of 50 minutes or 840 minutes). Most classes meet once a week from 6:50 to 9:20 P. M. and are usually scheduled on Monday, Wednesday, and Friday evenings. Occasionally a fourth night is required for a short time during a semester. First year courses are given every year and approximately two-thirds of the advanced courses are offered every year; the others are given on alternate years.
