General Information

Golden Gate College is a privately controlled, accredited, coeducational, nonsectarian, nonresidential, metropolitan institution of higher learning which offers programs in Law, Business Administration, and General Education. It is accredited by the Western College Association as a specialized institution in the field of Business Administration and related curricula.

The School of Law is on the approved list of the American Bar Association and accredited by the Committee of Bar Examiners of the State of California. It was established in 1901 as a branch of the San Francisco Y.M.C.A., and was the first law school in California to offer evening instruction. It was incorporated in 1910 with the right to confer degrees, and became an integral part of Golden Gate College in 1923 when the latter was incorporated as a nonprofit collegiate institution. The College had its beginnings in the 1880's as the educational division of the Y.M.C.A.

Its facilities are located at 220 Golden Gate Avenue and are readily accessible from all parts of San Francisco and the Bay Area. The San Francisco Civic Center and the Federal and State courts and agencies are located within a few blocks of the school, affording unusual opportunities for research and the observation of law and government in action.

THE PROGRAM OF THE LAW SCHOOL

The normal course of study in a full-time day school is three years, and is designed for the student who can devote substantially all of his time to the study of law. The part-time law school, with a four year course of study, conforming in all respects to the standards established for approved law schools, is a necessary part of our legal educational system and provides an opportunity for the student who must devote a substantial part of his time to supporting himself and his family. The part-time program, by limiting the number of subjects studied in any one semester, endeavors to give each student as much time for study and instruction in each subject as does the full-time day school. The School of Law of Golden Gate College is exclusively a part-time law school.

Prior to 1961, all classes in the Law School were held in the evening. Since 1961 the school has offered a morning section, as well as the evening program. The morning section meets five days a week, Monday through Friday, with class sessions scheduled between 8:30 and 11:30 A.M. Normally there will be two class hours each day. The evening section (except in Summer Session) meets three evenings a week, usually on Monday, Wednesday and Friday, from 6:50 to 9:30 P.M.

Graduates of the School are eligible to take the Bar Examination in California and, subject to such residence requirements as may exist, in most states. However, some states have special requirements concerning an applicant's pre-legal education and any person intending to practice law in a state other than California should ascertain that state's requirements before commencing the study of law.

THE LAW SCHOOL LIBRARY

The Law School library contains all materials necessary for study and research in American and English law. It is open during the day and evening, including Saturdays, Sundays and holidays. The San Francisco City and County Law Library, located on the fourth floor of the City Hall, the Branch County Law Library located in the Mills Building and the law libraries of the various Bay Area counties are open to students in the Law School. The facilities of the general College Library are also available.

VETERANS

The College and the Law School are approved for training under Federal and California laws providing therefor. Students desiring information concerning such benefits should consult the Veterans' Counselor at the College or the local office of the appropriate agency.

BOOKS AND SUPPLIES

Students must obtain all required case books and texts. In addition, each student must, upon commencing law study, obtain a law dictionary and a set of the basic California Codes. Students who intend to do most of their preparation at home will find it necessary to purchase certain additional texts and other materials to supplement their study. All books can be purchased through the College Bookstore at list prices.

STUDENT BAR ASSOCIATION

Professional and social activities in the law school are arranged by the officers of the Student Bar Association.

ALUMNI ADVISORS

Graduates of the Law School are available in many cities in California to assist and advise persons interested in admission to the School. The name and address of the Alumni Advisor in any area will be furnished on request.

Tuition and Fees

SCHEDULE OF TUITION AND FEES

Tuition is \$23 per semester unit. (If paid in installments, each payment deferred beyond 30 days after the opening of the semester is subject to a service charge of \$1.00.)

Fees are:

Application for admission	\$ 5.00
Registration, each semester including summer session	1.00
Student Bar Association, each semester, excluding summer session	2.50
Program change initiated by the student after the second week of the semester (including with- drawals), each change	0.50
Graduation	20.00
Transcript, each copy after the first	1.00

PAYMENT AND ADJUSTMENT OF TUITION AND FEES

Obligation For Payment. Enrollment, when accepted by the College, constitutes the financial contract between the student and the College. Tuition and fees of all students, including those whose tuition payments have been deferred, become an obligation which is payable on the dates due. Failure to make payments of tuition, fees, or other amounts owed the College when they become due, or to arrange for such payments before the due date, is considered sufficient cause, until the debt has been paid or adjusted, to (1) suspend the student, and (2) withhold grades, transcripts, diplomas, scholastic certificates, and degrees.

Tuition Payment. Tuition and fees are payable upon enrollment. As a convenience, students may pay tuition in installments as deferred payments. Details of the deferred payment plan will be furnished by the College on request. If a student leaves or is dismissed during the semester, all outstanding obligations become due and payable on the termination date.

Adjustment of Tuition. Students are accepted with the understanding that they will remain for the entire semester unless sus-

pended or dismissed. The College makes its commitments on a semester basis and is not relieved of its obligations when students withdraw. Tuition adjustments are therefore made not on a pro rata basis but as follows:

1. No adjustment in tuition will be made for late enrollment, absences from class, leaves of absence for a portion of the semester, or in cases where a student has been dismissed or suspended by official action of the College.

2. Students must notify the Registrar, in writing and in advance when possible, of any change in enrollment status not initiated by the College. When such notice is received, tuition will be adjusted as follows:

- a. If the withdrawal occurs during the first week of the semester, no tuition will be charged.
- b. If the withdrawal occurs or the student is dropped for nonattendance after the first week of the semester, a percentage of the semester's tuition will be charged, according to the table below, for each week from the beginning of the semester through the week in which enrollment is terminated.

During Fall and Spring Semesters.....	8% per week
During Summer Session.....	14% per week

- c. The date of termination will be the date when the College receives written notification of withdrawal (or change in program) or the date on which the student is dropped by the College for nonattendance.

3. Tuition accounts of students who are granted a leave of absence will be adjusted as follows:

- a. No tuition adjustment will be made for short-term leaves, except in cases where a student granted such leave does not return to class at the expiration of the leave and is subsequently (1) granted a long-term leave or (2) withdraws or (3) is dropped for failure to return. In such cases, the termination date for purposes of tuition adjustment shall be considered the date on which application for short-term leave was granted.
- b. In all cases of long-term leaves, the termination date for purposes of tuition adjustment shall be the date on which leave was granted.

4. Fees other than tuition will not be refunded in whole or in part.

Payment of Balances and Refunds. If the amount due the College after the tuition has been adjusted exceeds the amount previously paid, the balance becomes payable on the termination date. If payments previously made exceed the amount due after adjustment, a credit will be entered on the student's account, or a refund paid, as requested by the student in his notification of withdrawal. Refunds will be made by check mailed to the student's last known address. Approximately two weeks are required to process a refund.

Admission Requirements and Procedures

ADMISSION REQUIREMENTS

1. *In General.* All applications for admission are subject to approval by the Dean of the Law School and the Law Faculty Committee on Admissions. A person may not attend classes unless he is eligible for admission under one of the following categories. Persons previously disqualified at another school will not be admitted.

2. *Beginning Students—Regular Status.* Such applicants must have successfully completed three-fourths of the work acceptable for a bachelor's degree (usually 90 semester units) at an accredited college or university with an average at least equal to the average required for graduation in the institution attended.

3. *Beginning Students—Special Status.* A limited number of applicants who cannot qualify for admission for regular status will be considered for admission as special students. Such applicants must be over 23 years of age or have satisfactorily completed two years of acceptable college studies, and must take the Law School Admission Test (see below). No application for admission to special status will be considered until a score report has been received on the Admission Test.

4. *Advanced Standing.* An applicant for admission with advanced standing must establish that he is in good standing at the law school last attended and present proof of satisfactory completion of courses for which credit is requested at a law school approved by the American Bar Association. The amount of credit allowed is determined by the Admission Committee; normally, not more than two years will be allowed.

5. *Auditors and non-degree students.* A person who is a graduate of a law school approved by the American Bar Association or a member of the State Bar of California or another state may take courses as an auditor or for credit as a non-degree student. A person who is eligible for admission to the Law School as a regular student and whose previous education and experience has been such as to indicate that he can satisfactorily do the work of the course may, subject to the approval of the Dean and instructor, take selected courses in the Law School as an auditor or for credit as a non-degree student. The admission procedures specified below must be completed and transcripts or other documents supporting eligibility for admission submitted. The regular schedule of tuition and fees applies to all such persons.

ADMISSION PROCEDURES

All applicants for admission must file an application for admission on the form provided by the school and, at the time of filing, pay the application fee of \$5.00. Application must be sent to or filed with the Dean of the Law School. Applicants who have a bachelor's degree must file transcript from the college conferring the degree; applicants who have done any graduate study must, in addition, file transcripts of all graduate study. Applicants who do not have a bachelor's degree must file transcripts from *each* college attended. Applicants who have previously attended another law school must also file transcripts from each law school attended and, if the transcripts do not clearly establish that the applicant was in good standing, must procure a certification of good standing from the prior law school. It is the applicant's responsibility to make all arrangements necessary to obtain such transcripts, and the transcripts must be ordered sent directly from the issuing school to the Dean of the Law School.

Application and transcripts must be on file prior to registration. If, for any reason, transcripts cannot be filed prior to registration, request must be made to the Dean for provisional admission and transcripts filed within 20 days thereafter.

Applicants for admission to special status must, in addition to the above, file high school transcript, take the Law School Admission Test (see below) and order a copy of the score report sent to the Law School. *Applicants for admission to special status must have application and all supporting transcripts on file before August 10.*

LAW SCHOOL ADMISSION TEST

The Law School Admission Test, administered by the Educational Testing Service (ETS), is designed to measure aptitude for professional law study. It is required of all applicants for admission as special students and it is recommended for all persons contemplating the study of law. Application to take the test and bulletin of information can be obtained from the Law School or from ETS, 20 Nassau Street, Princeton, New Jersey. The test is given four times a year, in February, April, August and November; consult the current ETS bulletin for exact dates. Test centers have been established throughout the United States and elsewhere. In the San Francisco Bay Area all tests are given at the University of California, Berkeley, and at Stanford University. Application to take the test must be on file at Princeton, New Jersey, at least two weeks before the examination date. The fee for this examination is fixed by and payable to ETS; as of Spring, 1963, the fee is \$12.00.

Course of Study, Scholarship, Attendance and Degree Requirements

1. The minimum course of study for the degree of Bachelor of Laws is four years. A student admitted to the Law School is expected to pursue a complete course of study for four consecutive years. Unless prior approval is obtained from the Dean, no student may:

(a) in any semester, carry less than nine or more than ten units in the evening section, or less than nine or more than eleven units in the morning section, or more than six units in the summer session;

(b) take any course in the Law School, other than the prescribed program for his class and year;

(c) take any course in any other school;

(d) receive credit for any course taken at any other school after admission to the Law School.

2. Requirements for the degree are completion of 84 units of study in accordance with the prescribed curriculum with an average grade of 70 or better.

3. In the fall and spring semesters, evening section classes meet three evenings a week, usually Mondays, Wednesdays and Fridays, from 6:50 to 9:30 P.M. Occasionally, a fourth night is required for a short time during a semester. In the Summer Session, evening section classes meet from 6:30 to 9:30 P.M. Morning section classes meet five days a week, Monday through Friday; all classes are scheduled between the hours of 8:30 and 11:30 A.M. and normally there will be two hours of class on each day. A student enrolled in one section may transfer to the other section at the end of an academic year; he may not transfer during an academic year without the approval of the Dean and the instructors in all courses affected by the transfer. A student enrolled in one section may not take courses in the other section in the fall or spring semester unless there is a conflict in his program, his total work load does not exceed eleven units, and approval of the Dean is obtained. Students may select courses in either section in the Summer, provided the total work load does not exceed six units.

4. The school year consists of two semesters of 17 weeks each and a summer session of ten weeks. In order to satisfy the

requirements for graduation a student must take some courses during the summer sessions. Class sessions falling on school holidays are made up during the semester. Consult the College calendar, page 2, for session dates.

5. A student may commence the study of law at any session; students entering in the spring semester will ordinarily require 4½ years to complete the curriculum.

6. Grades are issued and recorded in numerical form on a scale ranging from a maximum of 100 to a minimum of 40, with 70 the required average for good standing, advancement and qualification for degree, and 50 the minimum grade for which unit credit for the course will be allowed. A grade below 50 is an F or failure.

In year courses, only one grade is entered for the entire course.

No credit is given for any course in which a final grade of F is received. A student receiving a final grade of F in a course will be permitted to continue in the School only if his average for all courses completed, including the course or courses in which such F grade was received, exceeds the minimum required under paragraph 7. A student so permitted to continue must remove the F grade by taking the next succeeding final examination in the course in which the F grade was received and by attaining a passing grade on that examination. The course grade, after such re-examination, shall be the grade received on re-examination, but not higher than 70.

No course completed in the Law School may be repeated.

7. An average of 70 or better is required for each year's work, as well as for all work completed, in order to maintain satisfactory status and progress. No student will be permitted to continue in the school after 54 units of studies, or to enroll for courses the unit value of which would, when added to work already completed, total more than 62 units, unless he has a minimum average of 70. A student whose grade average for all work done at the school is less than 70 will be permitted to continue in the school on probation on the following conditions: (i) If the student's cumulative grade average upon completion of 18 units of studies is 67.00 or better, he will be permitted to enroll for the next year on probation; (ii) If the student's cumulative grade average upon completion of 36 units of studies is 69.00 or better, he will be permitted to enroll for the next year on probation.

Any student, who after completion of his first year has a grade

average for any year's work below 68, shall be dismissed regardless of his cumulative grade average.

8. A final examination is given in each course; mid-year and other examinations are given when and as the instructor may announce. The extent to which mid-year examination grades, class papers and class work will be considered in determining the final grade is left to the discretion of the instructor in the course. All examinations must be taken on the date scheduled unless, for good cause shown, permission is obtained from the instructor and the Dean to take the examination at some other time. A student failing to take a final examination when scheduled or as so permitted, will receive an F in the course. A student failing to submit any papers required in the course will receive an incomplete in that course. An incomplete must be removed by submitting such work as was, or may be required by the instructor, within two weeks after the close of the course and if not so removed, a grade of F will be entered. A fee of \$5.00 is charged for any examination taken on other than the scheduled date and for any re-examination.

9. A student may be dismissed at any time if, in the opinion of the faculty, his attendance at classes is so irregular that there is reason to believe that he is not faithfully and diligently pursuing his studies. Three consecutive absences in any course will be grounds for dropping the student from that course unless leave of absence has been granted. Application for a "short-term" leave of absence should be made to the office of the Dean in advance of any contemplated absence of more than one week. In cases where the absence of a student is due to an emergency which prevented application for leave in advance, notification and request for leave shall be made at the earliest opportunity. A student dropped from more than one course for non-attendance will be dismissed from the school.

A student who, for good cause, is unable to complete a semester or year's work, or is unable, after completion of his course for a semester or a year, to return for the next regular semester, must, in order to retain his right to return, apply for and obtain a "long-term" leave of absence. A student who withdraws during, or at the end of, any semester, without first obtaining a leave of absence, or who fails to return within the time specified in his leave, will be readmitted only upon application and at the discretion of the faculty. No leave of absence will be granted for longer than one year.

10. The College reserves the right to suspend or dismiss a student if, at any time, his conduct is inimical to the best interests of the College or to other students attending the College.

11. The Bancroft-Whitney Company, Bender-Moss, and The Recorder Printing and Publishing Company offer annual prize awards to members of the graduating class for scholastic achievement. The Annotated Reports System, published by the Lawyers Co-operative Publishing Co., and Bancroft-Whitney Co., awards selected titles from American Jurisprudence as prizes to students receiving the highest grades in certain courses.

12. Copies of the State Bar Rules Regulating Admission to Practice Law in California are available in the Dean's office. Every student must register with the State Bar within three months after beginning the study of law. Registration forms are available in the Dean's office. Rule VI, sections 61-64, requires that every person admitted to any law school who had not completed two years of college study (as defined in that Rule) before entering the law school must, upon the completion of his first year of law study, take the first-year law students' examination. This examination is given each year, usually on the last Monday in June. Application must be filed not less than two nor more than six months prior to the examination date. Application forms are available in the Dean's office.

Curriculum

MORNING SECTION

Eighty-one units will be offered in the morning section during the Fall and Spring semesters; the remaining units required for graduation must be taken in Summer Sessions in either the day or evening section. The Summer Session schedule is available by May 1. A student may substitute a Summer Session course for any course marked with an asterisk. Only first, second, and third year courses will be offered during the 1963-1964 academic year.
