FROM THE DEAN'S OFFICE

The Dean's Office would like to call all student's attention to the following excerpt from the Association of American Law Schools Newsletter contained in a letter from Charles J. Meyers, President of AALS.

"The Bar and the courts are becoming increasingly aggressive in seeking to influence the curriculum of law schools. The Second Circuit has adopted the Clair Committee proposals to require the taking of five named courses for eligibility for admission to the Bar of the Circuit. The Indiana Supreme Court has required 54 hours of designated courses in order to be admitted to the practice of law in that state."

All students are responsible for checking with the Dean's office regarding developments on additional requirements in other

ADOPT A FOREST

The Sierra Club Legal Defense Fund conducted a seminar on appealing the administrative decisions of the U.S. Forest Service. There is a large amount of background work in reviewing environmental impact statements, long term plans, and individual timber cutting permits. If several interested people from GGU got together, we could adopt a forest and keep an eye on how timber contracts are let out. If interested, contact Peter Smith, or leave a message in the CAVEAT box in the faculty center.
