Honorable Louis J. Papan
Chairman
Assembly Rules Committee
Room 3016, State Capitol

Dear Assemblyman Papan:

Enclosed is a record of Assembly, Senate and Joint Legislative Committee hearings and reports for the 1975-1976 Session prepared pursuant to Assembly Rule 117. This compilation will assist Members and staff in reviewing committee activities.

Reports and hearings of the 1975-1976 Session are listed in alphabetical order by committee within each House. Copies of reports are on file with the respective committee, the Assembly Office of Research reference library and the California State Library. A copy of each hearing transcript which has been printed is available in our reference library.

INTRODUCTION

This record provides a reference to the date, place and subject of study committee hearings and to reports produced by Assembly, Senate and Joint Legislative Committees during the 1975-1976 Session. Prior to 1972 these committees were called interim committees.

The 1975-1976 Session convened on 2 December 1974 and adjourned sine die on 30 November 1976. Information is provided in the following order for each committee:

Name of the committee and chairman during the session.

List of hearings including dates, places, general subjects covered, and availability of transcripts.

List of reports that have been issued during the 1975-1976 Session.

List of Hearings

The listing of hearings indicates the study hearings held by each committee. Hearings of standing committees which are scheduled regularly during a session to hear pending legislative bills are not included in this record. Following the subject listing for some Assembly Committee hearings is the stock number and price. These transcripts may be ordered from the following office:

Assembly Publications Office
Box 90, State Capitol
Sacramento, California 95814

A price list of Assembly documents is available on request.

The Senate and Joint Legislative Committees establish their own distribution policy. Even when transcripts are reproduced and listed as "available," there is only a limited number. They should be obtained directly from the committee issuing them and not from the Legislative Bill Room or the Assembly Office of Research.

If a transcript of the hearing has been reproduced, the Assembly Office of Research will have a copy in its reference library.

The essential elements of significant hearings are sometimes summarized or otherwise referred to in the final report of the committee.

List of Reports

The listing of committee reports indicates the general subject matter of the reports which were issued during the 1975-1976 Session.

When Assembly committee reports are available from the Assembly Publications Office the stock number and price are noted in the record. Other reports are available on loan from the California State Library or from one of the complete depository libraries listed on page iii of this record. To obtain copies of reports, inquiry should be addressed to the issuing committee.

DEPOSITORY LIBRARIES

The following are complete depository libraries for all State of California publications including legislative committee hearing transcripts. The Assembly Office of Research has requested that Assembly committees send one copy of each hearing transcript and report to these complete depository libraries:
