The seal of the California State Assembly is a circular emblem with a serrated outer edge. The words "CALIFORNIA STATE ASSEMBLY" are inscribed around the perimeter. The center features a shield divided into four quadrants: a grizzly bear, a landscape with mountains and a bay, a miner with a pickaxe, and a miner with a shovel. Above the shield is a grizzly bear. A banner below the shield reads "LEGISLATORUM" and "EST JUSTAS LEGES CONDERE".

INTRODUCTION

This record provides a reference to the date, place, and subject of study committee hearings and to reports produced by Assembly, Senate and Joint Legislative Committees during the 1973-74 Session. Prior to 1972 these committees were called interim committees.

Information is provided in the following order for each Assembly, Senate and Joint Legislative Committee:

Name of the committee and chairman during the session.

List of hearings including dates, places, general subjects covered, and availability of transcripts.

List of reports that have been issued during the 1973-74 Session.

LIST OF HEARINGS

The listing of hearings indicates the study hearings held by each committee. Hearings of standing committees which are scheduled regularly during a session to hear pending legislative bills are not included in this record. The number following the subject listing for some Assembly Committee hearings is the stock number by which the transcript may be ordered from the following office:

Publications
California State Assembly
Box 90, State Capitol
Sacramento, California 95814

The Senate and Joint Legislative Committees establish their own distribution policy. Even when transcripts are reproduced and listed as "available," there is only a limited number. They should be obtained directly from the committee issuing them and not from the Legislative Bill Room or the Assembly Office of Research.

If a transcript of the hearing has been reproduced, the Assembly Office of Research will have a copy in its reference library.

The essential elements of significant hearings are frequently summarized or otherwise referred to in the final report of the committee.

LIST OF REPORTS

The listing of committee reports indicates the general subject matter of the committee reports that have been issued during the course of the 1973-74 Session.

Copies of committee reports that are published are available on loan from the California State Library in Sacramento or from one of the complete depository libraries listed on page iii of this record. To obtain copies of the reports, inquiry should be addressed to the issuing committee.
