HEAR THE REGISTRAR

Continuing students may register for the Fall 1976 semester through August 20 (Friday) without a late fee. A late fee of \$10.00 goes into effect after office hours Friday, August 20. The final day to register for Fall Semester is Friday, August 27.

Office hours:

Monday: 8:30 - 6:45 P.M.
Tuesday: 8:30 - 5 P.M.
Wednesday: 8:30 - 5 P.M.
Thursday: 8:30 - 6:45 P.M.
Friday: 8:30 - 5 P.M.

All students: If you did not have a mailing address at the time you registered for Fall classes and you have one now (or a phone number or an employer!) please come in and let us know. As this information changes (that is, if you move etc.), keep us informed of the data.

The Professional Responsibility Exam will be given on October 16. Applications are available in the Dean's office. Deadline for application: September 1, 1976.

All upper division students who have not completed their Writing & Research requirements must enroll in W & R II during the Fall 1976 semester. This is the last time this course will be offered; no students will receive a waiver from this requirement.

All seniors planning on graduating in December 1976, see Carol Goldman, the registrar, in the dean's office to make sure everything is in order.

LAW LIBRARY CHANGES

Continuing space pressures have necessitated another major rearrangement of library materials. The project was scheduled for completion before the beginning of the semester, but late shelving deliveries and incomplete carpentry work have caused delays. The work will be completed as soon as possible and a map of the new arrangement will be available at the Circulation desk. Inquire at the Circulation desk if you do have difficulty locating books.

The office at the north end of the mezzanine is now open for conference and group study. It will also serve as a photo copy room. The Xerox machine and coin changer were moved into the office to reduce noise and traffic in the mezzanine study area.

The card catalog has been moved to a table near the library entrance and reorganized. It is now divided into separate author/title and subject alphabets. The divided catalog is easier to use than the former dictionary catalog (all cards in one alphabet). Still, if there are questions about using the catalog, the Reference Librarian or Circulation Assistant will provide assistance.

The Director of Law Library Services, Nancy Carol Carter, welcomes your comments and suggestions about the library. Her office is on the mezzanine and she is always available to the students.

WELCOME AND ALL THAT...

This first issue was originally going to be basically notice-oriented in order to get something out during the first week. I have, however, encountered my first horror as a newspaper editor: a big blank space after typing everything and starting to glue...

With that intro in mind (not to mention a deadline long since past), I shall proceed to write what I suppose should be labeled my first editorial. Although, I am not immediately moved by any burning issues, other than life, in general, I feel there are some worthwhile things to say for the first Caveat issue.

First year students: by now you have been welcomed and praised and scared enough (these will be the hardest years of your academic career). Other students: by now you've probably seen most of your friends you didn't see this summer; either into your classes or bored already. Before we all settle into our daily routines maybe we should stop for a minute and think about our law school and what we are doing.

In Student As Nigger, Jerry Farber said "When you go to school, you do society an enormous favor; you give it the opportunity to mold you in its image stunting and deadening you in the process." I do not think Farber's statement necessarily does nor has to apply to GGU Law School. Despite its share of traditional law school-type problems (the list is endless) GGU is unique. It is fair to say, I think, a healthy place to study law. It will remain such and improve only if we as students want it to.

Let's work together this year. Let's continue responding to political issues (or not, if you so choose) with solidarity and tolerance. Let's scream and yell, but let's try to communicate also. Be strong in our protests. Make our classrooms an arena for a thorough discussion of the effect of our laws and legal system on our society. We are all here to learn and by working together we can all learn better.

Here's to a positive and progressive year!
